

Friends of Bradford's Becks

Minutes for quarterly meeting on Monday 27th Apr 2015 Kirkgate Centre, 39A Kirkgate, Shipley, BD18 3EH. 19:00 – 21:00, Room 3.

Item	Actions
1. Introductions	
Present: Martin, Howard, Rose, Ed, Sarah, Eddie, Dave, Kevin, Pauline, Dagmara, Francis, Barney, Graham, Geoff	
2. Apologies. Dave Mould, Stuart Jenkinson, Irene, Steve Bottoms, Colin Fine	
3. Poetry and plaques	Anyone who
Reviewed progress: poetry competition was imposed on us. It was a publicity success but slowed down progress. Carver now not available till August. Will have to buy stone, cant get a freebie from Marshalls.	introduce us to a sponsor!
Sponsorship stalled – 40 more letters went out last week, no replies yet.	Rose/Ed to discuss
Most of sponsors have come from personal contacts – so contacts needed!	Sunbridge Wells
	Graham to get Pavilion café contact
4. Exhibitions and festivals. Thanks to Irene!	Keep up good work
Applied to Shipley Street Arts Festival. Shortlisted for 'interview' on 29 th April.	Irene!
Poetry exhibition touring various libraries.	
Got slot at Words in the City fringe event (for poetry) on 6th June	
5. Invasives	Francis to liaise with
Did lots of spraying/injection in downstream parts of Beck last year.	Dan and our team.
A contact (Dan) wanting to link our trained people to River Stewardship ompany (RSC), they would need some more certificates. Our people are illing.	Kevin and Francis to discuss BGB

Biggest area of JK is Bullgreave Beck, we will need help to tackle.	
Legal stick available this year.	
6. Footpaths and Beckwalks	Rose and
7 th June, 12 th July. Details on FB page. Will not be cancelled by the weather! Irene looking into funding for booklets. David B looking at mapping.	Eddie Sarahjane to bring some people
7. Litter picks next event 9 th May. Details on FB. Meet at Nisa store carpark at 10am.	Graham to publicise Rose to tell John Bromley, James Craig to contact Sustrans people
8. Chair's report	
 a. Response to New Bolton Woods planning submitted b. Annual update to Bradford Council Environment Committee 21st April. Continuing support from the Councillors which is helpful in getting action from Officers, especially close to committee meeting. 	Barney to circulate report presented to committee.
c. EA has advised that the Beck system has been divided into two water bodies for the Water Framework Directive (WFD) Although we are not focussed on the WFD, it is important as it guides EA decision-making. The divide is approx. Cemeter Rd and the two are completely different characters. Upstream are all the relatively natural becks (Pitty, Pinch, High Birks) and Chellow Dean, Bull Greave, etc. Downstream are all the heavily modified and culverted Becks. We should have plans for each water body which reflect their character and which are achievable in a lifetime!	work with Stuart to develop a statement of
d. Most of our members are from the downstream end of the catchment, with only a couple of people in the city centre or upstream. We should make an effort to build membership in the upstream area; it should be possible to do this with the support of the project worker for the pollution monitoring project (below).	Barney to
e. Canal Rd culverting: Kevin has had serious exchanges with Bradford over lack of attention to WFD. £8000 compensatio available to FOBB.	suggest

a. Environment Agency report of incidents since Jan circulated. The visual monitors are still going strong. b. Riverfly monitoring (Howard). 3 trained observers, observing at Pitty Beck, Cemetery Rd, and near Shipley. Pitty Beck water is good. c. Proposed project for 2015-16 is use of glowing tampons to track down misconnections more formally. Also to develop a schools pack. Bid for funding seems to be successful, and will provide funding for a part-time worker until March 2016. Meeting agreed that the job should be advertised. 10. Renaturalisation project, Poplar Rd to Briggate a. The plan is to work towards a HLF bid, which will take 12-24 months to get ready. Will need significant matched funding. b. Feasibility study and outline design completed by JBA Consulting, funded by the Environment Agency via ART. Has 3 options: do minimum (£100K), do maximum (£1M), and intermediate. Largest unknown is the degree on contaminated land. c. Final report will be available by 5th May, just a few points to tidy up. d. Meeting with Bradford Council has been arranged for Tuesday 12th May to discuss next steps. e. Still no news from EA deculverting team on whether they will prioritise removal of culvert in this reach. This would provide the matching funds if it went ahead. 11. A video - Ongoing project Graham 12. Any other business. Rose: Exhibition at Shipley Heritage day at St Pauls, Sat 4th July. Contaminated water sign still up at MacDonalds. 13. Minutes of last meeting. no matters arising not already dealt with	9. Polluti	on monitoring	Thanks to all
